

COOLBLUE™

Introducing the latest addition to the CoolTouch family of laser tools...

## **CoolBlue Duet™**

### **Laser Lipoaspiration Handpiece**

“Doubles the speed of laser lipolysis with better results and increased patient satisfaction.”

- Robert Weiss, MD

#### **DUET HANDPIECE FEATURES**

- First handpiece to control laser emission and aspiration *simultaneously*
- Effectively ablates fat and connective tissue
- Aspirates at point of lipolysis - no need for secondary aspiration step
- Precise control of suction via convenient thumb vent
- Reduced procedure times compared with two-step laser lipolysis
- Available in a large number of cannula styles, sizes and lengths

#### **ORDERING INFORMATION**

- Order part number 7200-0067
- Includes (1) Mercedes-style 25 cm cannula *or* (1) custom-ordered cannula
